

# Product Statement

Product: InteliPro

Dear Customer,

This is a confirmation of compliance with the BDEW-Richtlinie “Erzeugungsanlagen am Mittelspannungsnetz” standard for the InteliPro protection relay.

ComAp declares that there have been no modifications in the InteliPro software that could have an impact on the unit functionality and performance with respect to the certified BDEW standard compliance which was acquired for InteliPro firmware version 1.4.
